

## J HOOKS

### DESCRIPTION

J Hooks are used to secure insulation to wire mesh. They can be tack and arc welded, or just hooked onto the mesh. After the hook is attached, the insulation is installed over the longer portion and held with a self-locking washer.

| SPECIFICATIONS     | J HOOKS   |
|--------------------|---|
| <b>DIAMETER</b>    | 10 ga (.135 dia) standard<br>12 ga (.106 dia) <i>special order item-not stocked</i><br>Not made in 14 ga. |
